

Admissions Criteria

1. **Submit an application to the Director of Nursing.**
2. **Meet with the Administrative Assistant to learn the time and date that the Nurse Entrance Test (NET) will be given. The test measures math skills and reading comprehension. A composite score of 60 is required for admittance to the program.**
3. **A high school diploma or GED is required.**
4. **Current immunizations will be checked by the Wellness Department and will be required and given before participating in clinical experiences.**
5. **Be between the ages of 17 and 24.**
6. **Provide two references at time of interview.**
7. **Submit an essay letter on “why I want to be a nurse” prior to interview.**
8. **Basic Life Support certificate is required within 2 weeks of admittance to program.**

Cleveland Job Corps Academy

Job Corps is the nation's largest career technical training and education program for youth ages 16 through 24. Established by the U.S. Department of Labor in 1964, Job Corps provides 100,000 students per year with free, hands-on training in fastest growing careers in the United States.

Applied Technology Systems, Inc. operates the Cleveland Job Corps Academy for the U.S. Department of Labor.

Cleveland Job Corps Academy Licensed Practical Nursing Certificate Program

Our Practical Nursing Program consists of 1,160 hours that include research and teaching experiences. The program educates and assists eligible youths to meet the growing need for Licensed Practical Nurses.

The curriculum incorporates theory, hands-on training, and research and clinical experiences.

Tuition, books, uniforms and supplies are provided at no cost to you.

The greater Cleveland area has many opportunities for LPNs. There are internationally renowned hospitals complexes, in-patient and out-patient clinics, ambulatory and urgent-care centers, skilled long-term care facilities, and many other health-care providers in need of nurses.

Program Objective

The graduate of the Practical Nursing Program will:

- practice nursing within a legal and ethical framework;
- demonstrate interpersonal skills that help establish rapport with clients and co-workers;
- respect the rights and differences among clients and co-workers;
- possess the communication skills needed to teach others, explain procedures, interact with others, and convey information verbally and in writing;
- deliver quality care to clients of all ages in a variety of health care settings; and
- maintain patient and professional confidentiality.
